### INVESTMENT STRATEGY

The fund follows a passive strategy and invests mainly in sovereign TES Bonds in local currency issued by the Republic of Colombia that are part of the J.P. Morgan GBI-EM Colombia Government Local Currency Bond Index (“the index”). Includes Fixed Rate Bonds in local currency, with an outstanding amount greater than USD \$1 billion and maturities greater than 2.5 years. The fund is cumulative and does not make distributions, since it reinvests the coupons received systematically, and has monthly rebalancing in line with “the index”. The fund is denominated in Colombian pesos (COP\$) and has no currency hedge.
